Price Point and Style a Match—Owens Premier Grip Series Running Boards For 2011 Jeep Compass CUV

Sturgis, MI (June 29, 2011) Owens Products, Inc., known for their sleek running boards with applications for pickups, vans, SUVs, and CUVs, announces the availability of their Premier and Premier Grip Series Running Boards for the 2011 Jeep Compass CUV.

“For the 2011 model year, Jeep made the Compass look and act like a vehicle the younger generation would opt for,” Gary Kirtley, CEO and Owens Products owner said. “Owens Premier and Premier Grip Series boards have the same attractive price point and style—a perfect match for the CUV.”

Owens Premier boards are made of impact resistant ABS plastic with UV protection and are ready to install or paint for that customized, one-of-a-kind look. Premier Grip Series Boards come with injection molded, strategically placed step pads in lieu of step tread. Both styles add a sleek and elegant look and are shipped equipped with a custom fit body mount bracket system for fast and easy installation.

Owens Products, Inc., is a family owned business established in 1965, and dedicated to the manufacturing of innovative and quality focused products. Owens is a dominant force in the automotive aftermarket with product lines of plastic, fiberglass and aluminum running boards, aluminum tool boxes, dog boxes, garage and trailer accessories as well as its custom made products. Owens Products is an earth friendly company and works hard at reducing their environmental footprint. 800-726-9367. www.OwensProducts.com
