Our History

OUR PROMISE TO YOU

MADE IN THE USA

Designed & Manufactured in Sturgis, Michigan

At Owens Products, we produce many custom vacuum-formed plastic, fiberglass and aluminum products for a variety of companies. Owens Products has been a family-owned and operated company for more than 50 years. We strive to provide our customers with the highest quality products and superior customer service. We invite you to take a few moments to explore our world-class truck running boards, dog boxes, tool boxes, and more. Just one look and you will see why Owens Products is a world leader in aftermarket automotive manufacturing... and the best thing is, all products that Owens Products manufactures is Proudly Made in the USA!

History of Owens Products, Inc.

Owens Classic was established in 1965 with the invention of the Classic fifth wheel hitch and the Owens fifth wheel recreational trailer. The business evolved into manufacturing a variety of commercial trailers using the same fifth wheel concept. In 1977, Owens designed the first aluminum running board on the market, which allowed the fifth wheel customer the ease of unlocking the fifth wheel hitch located in the truck bed.

In 1989, Owens sold the fifth wheel hitch and a few years later also sold its trailer manufacturing plant, enabling the company to concentrate on its core business of automotive accessories. Owens is a dominant force in the automotive aftermarket with product lines of plastic, fiberglass and aluminum running boards, aluminum tool boxes, dog boxes, garage and trailer accessories as well as custom made products.

During November 2007, Gary Kirtley, II purchased Owens Products and several internal changes were made. The company is now a strong and profitable company continuing to be family owned and operated for more than 50 years.

We are pleased to offer this catalog as reference to our entire product line and we thank all of our customers for their continued loyalty.

We have rarely met a "passive" Jeep owner. By that, we mean that the Jeep owners we know take off-roading to heart. They invest in aftermarket products to get better performance and a better look from their Jeeps. It's not just a Jeep, it's a way of life. That's why Owen's Products offers a fine selection of aftermarket Jeep products including custom running boards, tube doors, cargo storage and Jeep hoods that look great and perform even better. Each one of our Jeep products is made right here in our Michigan facility to the highest quality standards. We don't cut corners. We don't settle for good enough. We get Jeep people.

Owens Venum Jeep Hoods have been tested across the nation at various off-road parks and climate levels to ensure that you are getting the best hood on the market for your Jeep. Constructed of fiberglass and reinforced with aluminum strength supports, the Venum Hood nearly reduces the weight by 50% and will keep a solid structure for rock crawling and off-road use. With each hood being hand crafted here in the USA, we take pride in our craftsmanship and you will see for yourself how the fitment and overall quality of our hoods are second to none. The hoods are ready for paint out of the box with minimal prep work for a body shop to paint them. Jeep owners like the ability to customize anything on their Jeeps, with that in mind we ship the aluminum perforated sheets unattached to allow each Jeep owner the option to custom paint/dip the heat extraction vents to their liking. Turning heads at Jeep/car shows is what the Venum Hood will do, expect attention and people taking plenty of pictures with their cameras.

Note: This product comes with a gray primer gelcoat finish and is unpainted and unfinished. Owens does not provide a pre-paint or paint match option, customer is responsible for paint and finished product of hood.

AWARD

J15003

Owens Products Venum II Jeep Sport Performance Hood won runner-up in the New Products category at the 2017 SEMA Show.

The Venum II Sport Jeep Performance Hood stood out at the SEMA Show 2017 among 3000 entrants in its category. The sporty performance hood fits the JK and uses all the factory installed OEM parts for performance and installation.

The Venum II Sport Performance Hood is a nice counterpart to our Venum Heat Extraction Hood for those who do not need the heat extraction option.

Garrison Series Jeep Cargo Chests are made of thick, beautiful, polished, diamond tread aluminum, which won't rust, pit or corrode and built tough to last! These boxes are designed to fit in Jeeps. As any Jeep owner knows, lockable storage is a need when peeling away the top and doors. Owens Jeep Products offers a storage box to increase the amount of valuables you can take on long trips and not have to worry about them flying out or getting wet.

Minimum Advertised Price (MAP) Statement

Beginning February 6, 2017

Owens Products, Inc. has implemented a Minimum Advertised Price (MAP) policy for all products made available for sale in the USA and Canada. A reseller must be an authorized Owens Products dealer in order to sell Owens Products items. All authorized resellers' advertised prices must be at or above Owens Products' MAP as shown on the company's price list. Owens Products dealers are free to set their own pricing as long as it is not in violation of this MAP Policy.

1. Owens Products' MAP policy applies to all methods of advertising and promotion, including but not limited to the following:

- Print ads (inserts, magazines, catalogs, newspapers)
- Broadcast ads (radio, television, web cast, caller-on-hold recordings, etc.)
- Direct Mail
- E-mail Marketing
- Internet (banners, category or product pages, shopping comparison sites, third-party sites)
- Internet auction sites
- In store advertising (price tags, banners, displays, etc.)

2. Owens Products can elect to offer past model year's product outside of this policy. In these special instances, Owens Products will issue a communication, informing authorized dealers of the special situation.

3. Non-compliance to the Owens Products MAP policy shall result in the following:

- 1st violation: written warning to fix the non-compliance within 48 hours from the date of notice.
- 2nd violation: written warning to fix the non-compliance within 24 hours from the date of notice.
- 3rd violation: written notice that Owens Products items will not be available to ship until the non-compliance has been remedied.
- 4th violation: written notice that the dealer's account has been suspended. After reviewing the dealer's response, Owens Products may reinstate or terminate the dealer's account.

If a dealer violates the MAP Policy for a weekend sale, returning to compliance by Monday morning, they will receive a written warning for the 1st violation. A 2nd violation will result in written notice that the dealer's account has been suspended. After reviewing the dealer's response, Owens Products may reinstate or terminate the dealer's account.

4. Administration of the MAP policy:

- Owens Products will regularly monitor its authorized dealers' adherence to the MAP Policy.
- Owens Products' MAP policy is subject to change without notice.
- Owens Products will communicate any changes to its MAP policy by written correspondence.

Please direct any questions concerning Owens Products' MAP Policy to: sales@owensproducts.com
