- Hood Vent - Heavy Duty Smooth Mill Finish Aluminum

We have rarely met a “passive” Jeep owner. By that, we mean that the Jeep owners we know take off-roading to heart. They invest in aftermarket products to get better performance and a better look from their Jeeps. It’s not just a Jeep, it’s a way of life. That’s why Owen’s Products offers a fine selection of aftermarket Jeep products including custom running boards, tube doors, cargo storage and Jeep hoods that look great and perform even better. Each one of our Jeep products is made right here in our Michigan facility to the highest quality standards. We don’t cut corners. We don’t settle for good enough. We get Jeep people.
